The Use of Flavorings Determines Difference in Brands

The Encyclopædia Britannica says about the manufacture of smoking tobacco: "on the Continent and in America, certain 'sauces' are employed... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves." Which indicates that a smoker's enjoyment depends as much upon the flavoring used as upon the tobacco.  
Your nose is a sure guide in the matter of flavorings. Try this simple test with several tobacco brands: pour some tobacco into your palm, rub briskly, and smell. You will notice a distinct difference in the fragrance of every brand. The tobacco that smells best to you will smoke best in your pipe, you can rest assured.  
Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.

*Man and Wife, All Run-Down from Farm Work, Were Greatly Helped by Ziron.*  
**"MY WIFE and I, after a hard spring on the farm, were tired and run-down," says Mr. E. B. Mulkey, of Route 1, Acworth, Ga. "We neither felt well. I knew my blood was bad, as I had little boils on the back of my neck. "We felt we needed a builder. We had heard of Ziron and thought it must be what we needed. It certainly was. We took it faithfully, and after a week or such a matter we began to feel better. My wife felt like cooking,**  
and I sure felt like eating. "Ziron sure did us good. It made us both feel stronger and better for the fall work, which everyone knows is 'some work' on a farm. My boils began to dry up, though just at first they seemed worse. "We are much better and can highly recommend Ziron, and gladly do so for it sure did us good." Ziron is a safe, reliable, tonic medicine, good for men, women and children, when an iron tonic is indicated. It is easy to take and contains no habit-forming drugs. Ask your druggist or dealer.
